Taanishi kiiya? (How are you?),

As 2020 ends and we reflect on the last year, we would like to share with you our feelings of appreciation for the strong Métis community here on the North Island. NIMA has changed much in the last year and, despite the COVID-19 pandemic, we have grown into an organization that is able to offer more programming, services and supports for you. We are excited to continue to expand and hope there will be more opportunities for all members to get involved, even if we are only able to connect online.

Métis Holidays and Celebrations

Did you know that traditionally Métis families started celebrations on Christmas Eve? Some called it *Le Revillon*. The people would go to Midnight Mass, where bells were rung to announce the festivities. Then they have a special meal together and open gifts.

New Year was when the Métis held *chivarees* where people would sing and dance, and eat a special meal called *Boulettes* or Bullet Soup (a meatball soup). They say "La Bonne Annee" and give kisses or handshakes to express good wishes. Some called it Kissing Day or Shaking Hands Day after this practice. Traditionally, gun shots were used to bring in the New Year, now people bang pots together instead to continue the midnight tradition.

The New Year celebrations would last until January 6th, called All Kings Day or Three Kings Day. Some people would give gifts this day instead of on Christmas Day.
